

## 'Specialist' Wedding Musician

**'LIVE' music to make your  
Special Day 'VERY SPECIAL'**

### How do I help make your special day - special ?

I perform well known popular romantic instrumental ballads (all well known chart hits) while your guests are arriving or waiting to be called to dinner or reception.

Many of your guests may be meeting for the first time, so watching and listening to my live music is a great 'ice breaker', and helps put everyone at ease.

### What is different about my performance?

It is important the music is non intrusive, allowing your guests to have a conversation and enjoy each others company. I provide the correct background music at the correct volume plus the added benefit of being a focal point for guests to watch and listen to.

I play a professional Korg Keyboard providing 'Full Band' sounds thereby adding more interest and enjoyment for your guests.

With over 50 years experience, I am highly professional and my purpose is to help make your special day **'Very Special'**.
